MESSAGE

I am very happy to say this is very glad occasion that we are celebrating 72nd foundation day of Indian Bureau of Mines. In this occasion first of all I would like to extend my best wishes and greetings to all employees of IBM and their family members. In the present scenario, IBM officers need to play a very responsible and accountable role to bring laurels to the organization and to achieve higher goals in disciplined and organized way. The role of IBM has acquired significant dimensions in the light of announcement of NMP 2019. IBM has to take leadership role coordinating mining industry and all stakeholders for effective implementation. I would like to mention that each employee should have inherent transparency and honesty and work hard for smooth day to day functioning of IBM. Once again, I would like to wish all of you on account of Khanij Diwas celebrations.
